

# WE ARE...

## BETTER ENGINEERING

When it comes to rapid-deployment, nobody beats the "Trigger Latch™"! The smartest latch in the case business stays closed — until you want it open. And then it's a one-finger operation. Fast and knuckle friendly. Molded out of unbreakable glass-reinforced Nylon. We even have key locking versions available that are TSA accepted.

Our Co-polymer Polypropylene shell material was independently lab tested utilizing "notched izod" impact testing (ASTM D256-05a) and shown to be over 2½ times stronger than the competition. This enables us to make a lighter, stronger and smarter case! — <http://ftp.skrcases.com/Test%20Results/>

## BETTER SERVICE & SUPPORT

SKRB is still owned and operated by the same friends who started the business over 30 years ago. But our competitors have changed — they have changed owners, changed attitudes — and now merged. There is a big difference between a business still owned and operated by the founders and one that has been purchased by investment bankers.

We are the NEW industry leader in product design, customer service, and support. Do you want the "good old days" back? With 17 sizes and counting, we have them covered with premier products and competitive prices.

We are SKRB and we are excited for you to make the switch to us — we'll make sure you're glad you did!

Made in Orange, California, USA  
 SKRB Trigger Latch US Pat. #7,500,364  
 Meets Standards: SHAD60-4200 DE-STAM 01-41 MIL-STD-810F MIL-STD-2073 MIL-C-4150 JAA-300
